**PARENT VOICE**

## PARENT VOICE

It's homely. I love the warmth from the staff.

Sports Days, Open Days, Trips (Matlock Farm Park)

I love that the school loves books. My child loves reading and this is something that school excels at...

The friendly vibes

I have two children and both experiences have been positive...

Staff are attentive. They take the time to get to know children as individuals.

Wrap around care at The Nest

It has a community feel

School have helped me as a parent (have gone out of their way) Not many schools would do this kind of thing...

## PARENT VOICE

Impressed with The Nest-  
it is a lovely environment!

Communication has been  
good... I feel supported  
with any concerns that I  
have raised.

I love the school. It is  
family focused and  
(my daughter) just  
loves coming to  
school...

Story Club is really helping my  
child's language development...

The books coming home  
each week, and the phonics  
information...

The range of  
after school  
clubs on offer...

Everything that needs to be put into place is...  
maths intervention, reading groups, reading  
catch up and Lego Club. Things have been put  
into place for my child straight away.

## PARENT VOICE

Clubs- yoga, dance and Nature Club...

Encouragement from school. Rainbow Awards and celebrations in assembly

Books are a massive thing

The way that staff interact with the kids

Open Days. The folders in the classroom to see work. It's nice to see how far they have come.

Teaching is great! My child loves coming to school. Never any issues and friendly teachers.

Learning by play. That is important for me...

Bhangra dancing and events on the playground. Inviting parents and grandparents into school

## PARENT VOICE

I liked the Musical Theatre

Each child is treated the same, and made to feel to feel special.

The school plays are impressive.

The food. My child likes school dinners.

Staff know my child really well. They genuinely care

SEN children are looked after extremely well. She is treated as an individual and given lots of attention

The menu. The food is great and we like that our child is eating well and is encouraged to try new things.

I am really impressed with the reading and the writing my child is doing

**LARKFIELDS WOULD BE EVEN BETTER IF**

**PARENT VOICE**

# PARENT VOICE

I love it. There wouldn't be any improvements for me.

It would be nice to see after school clubs rotated for different year groups so they aren't always on the same day.

It would be great if we had real books and didn't have to read books using a tablet or a phone. It's not ideal.

How can parents get involved more? Are there opportunities for parents to help with reading or after school clubs?

I honestly cannot think of anything that could be improved...

Happy with everyone.  
No complaints

# PARENT VOICE

We didn't get fined for taking holidays term time

Longer for parents evening would be nice. Ten minutes isn't enough but I understand how many parents that teachers need to see

The juniors seem to do a lot more trips. What about the infants? Is this down to the age of the children?

I'm struggling to think of anything. My child loves coming here...

Any problems have always been nipped in the bud. So I can't think of anything

More school trips would be nice... and a Forest School like Hollywell

Pupil incidents being given more time

# WHY WE CHOSE LARKFIELDS TO EDUCATE OUR CHILDREN

**PARENT VOICE**

## PARENT VOICE

As soon as I walked into the school I liked it. I knew I would as the office had been lovely when I called to make an appointment.

At the open day it just seemed like a really nice school- and it is in our catchment.

It came highly recommended and we did lots of research and looked at reviews

We live locally, across the road

It was our first choice catchment school and I wanted my child to come to school with his friendships groups from pre school

We liked that it was open plan and had two classes in each year group

## PARENT VOICE

I came here as a child so had high expectations. I haven't been disappointed.

It didn't feel regimented and corporate like some of the other schools in the area...

It has a whole community nice feel.

I had friends with children here who said that they wouldn't send their child anywhere else.

I went to look around other schools but I really liked how welcoming the school were to new parents.

I went to Larkfields as a child and it is nice seeing my school friends back here with their own children. It's a community.
